

SIRENS & SPEAKERS

SA315P

WHELEN

An ultra-compact speaker, but with full-size performance that can be mounted in more locations than ever at only 2.12kg. The SA315P installs easily, and delivers traffic clearing warnings where it is needed.

Key Features

- Ideal for both covert and overt vehicles
- Truer tone quality and higher frequency responses
- All-weather nylon composite black housing
- Easy to install
- Universal mounting bracket, plus vehicle specific brackets available
- 100-Watt speaker
