

## TELEMATICS

### T10 Small

WHELEN

Trakm8 is a technology leader in fleet management, going beyond vehicle tracking to provide fleets with a customisable business intelligence platform. Our unique, integrated telematics solutions provide quick and easy access to detailed driving data such as vehicle location, safety and efficiency analysis, and vehicle health updates.

The latest development from Trakm8 and is the market leading 2G telematics device, manufactured in the UK. It's the most powerful device in Trakm8's portfolio, and gives Fleet managers the most precise vehicle and driver behaviour data available today.
