

SIRENS & SPEAKERS

WD-101 Speaker Driver

Warranty

Woodway's WD-101 is a high-performance 100-watt speaker driver, engineered for use in emergency vehicle siren systems. An evolution of Woodway's WD-100, the WD-101 features enhanced thermal management for improved durability and longevity. With a robust, compact design, it integrates seamlessly with the Woodway UST series, ensuring clear and reliable warning tones in critical situations. The WD-101 maintains the same specifications and compatibility as its predecessor, making it a trusted choice for emergency services.

Key Features

- 100-watt power handling for high-intelligibility warning tones
- Improved heat resistance for enhanced durability
- Compatible with Woodway UST series siren systems
- Normal impedance: 11 Ω
- DC resistance: 4.1 Ω
- Compact, high-performance design for emergency vehicle applications
- Compatible with Woodway's UST series, and included as part of the full UST Kit.
- 3-year warranty
