

TELEMATICS

T10 Lite

WHELEN

Trakm8 is a technology leader in fleet management, going beyond vehicle tracking to provide fleets with a customisable business intelligence platform. Our unique, integrated telematics solutions provide quick and easy access to detailed driving data such as vehicle location, safety and efficiency analysis, and vehicle health updates.

Despite the small size, the T10 Lite has a powerful processor that provides precise GPS locations and optional CANbus connectivity. The T10 provides the fleet manager with detailed information about the vehicle activity, driver behaviour and crash analysis.
