

SIRENS AND SPEAKERS

UST (Unique Siren Tube)

The UST has been specifically designed for minimal space, and for smaller bonnets as car engines continue to become more compact than ever. The brand new, ultra-compact UST comes with modified slot and improved sound levels.

Key Features

- Full UST kit includes Whelen® SD210 speaker.
- Rubbing tubing and aluminium flare tube.
- Economy skirts includes the same driver and speaker flare.
- 100-Watt speaker compatibility.
- Available in mini size.
