3
YEAR
WARRANTY

Compact in size but big on performance, the Neutron is a versatile amber mini lightbar designed to deliver powerful visual warning in a low-profile, lightweight unit. Fitted with 48 high-output LEDs and offering 10 flash patterns - it's a flexible solution for a wide range of vehicles and applications. Its tough polycarbonate lens and IP66-rated housing make it suitable for year-round use, even in challenging outdoor conditions.

Supplied with cigar plug and the magnetic mounting option, the Neutron doesn't have to be a one-van wonder, and could be easily moved between vehicles. Designed to work with 12V or 24V systems, it's ideal for anyone needing a reliable, high-visibility warning solution in a compact form - perfect for cars, vans, construction fleets and more.

DIMENSIONS

Product Information
