

INTERIOR ILLUMINATION

POLAR

PRODUCT OPTIONS

Polar - 3" White Housing, White Light	SS-POL3R-W
Polar - 5" Grey Housing, Dual White & Red Light	SS-POL5R-WR

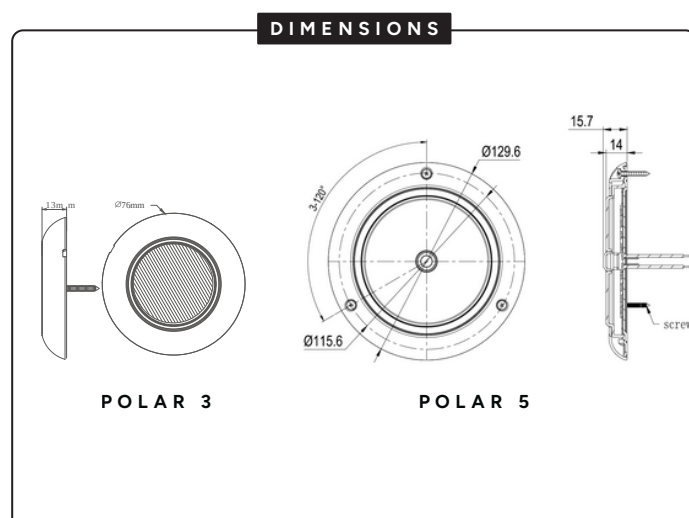

The Polar range of interior lights provide the visibility and illumination required within your vehicle or unit, in a clean and modern finish.

Surface mounted with a tough, frosted lens for diffused, glare-free light, the Polar is suited to a variety of applications - from cabs and control panels to load areas and crew spaces.

The compact 3" model is ideal for subtle, space-saving illumination. Our 5" model provides broad coverage in a lower profile, and comes with both white and red lighting modes for extra flexibility.
